MISSIONS CORNER . . .

Kirk & Patti Durston
Campus For Christ, Ontario

For 27 years, each September has marked the launch of another university year of outreaches. As you know, I've been working on a Ph.D. in Biophysics as part of my training with Campus for Christ, in addition to my normal duties of sharing the gospel through large group outreaches at universities across Canada. God willing, I will complete my thesis by December and defend at the end of January. With the completion of this Ph.D., a lot more doors will be open. By the grace of God, I expect to be sharing the gospel with tens of thousands each year and eventually, hundreds of thousands per year. Pray as ideas are being formulated and discussed over this winter. One immediate item to pray for; I'm training high school students to defend their faith at *Fall Blitz*, camp Aush-Bik-Koong, this weekend.
